MAWAZIN

Advanced by Design

Mawazin is not simply outdoor furniture.

It is a study of balance between architecture, material, atmosphere, and human presence.

Rooted in craftsmanship and guided by quiet geometry, the collection explores how outdoor living can feel grounded, refined, and timeless. Each piece is designed with a restrained architectural language solid teak wood, woven rope textures, and carefully balanced proportions that respond naturally to light, shadow, and landscape.

Inspired by raw environments, warm earth tones, and contemporary mediterranean living, mawazin creates spaces that feel calm, tactile, and enduring. The collection embraces simplicity without losing character, allowing materials and form to speak with honesty.

Every detail is intentional.

Every proportion is measured.

Every texture is designed to age beautifully with time.

More than furniture, mawazin is an atmosphere one that brings balance to outdoor living through craftsmanship, material authenticity, and architectural clarity.

EMOTION,

RAWNESS

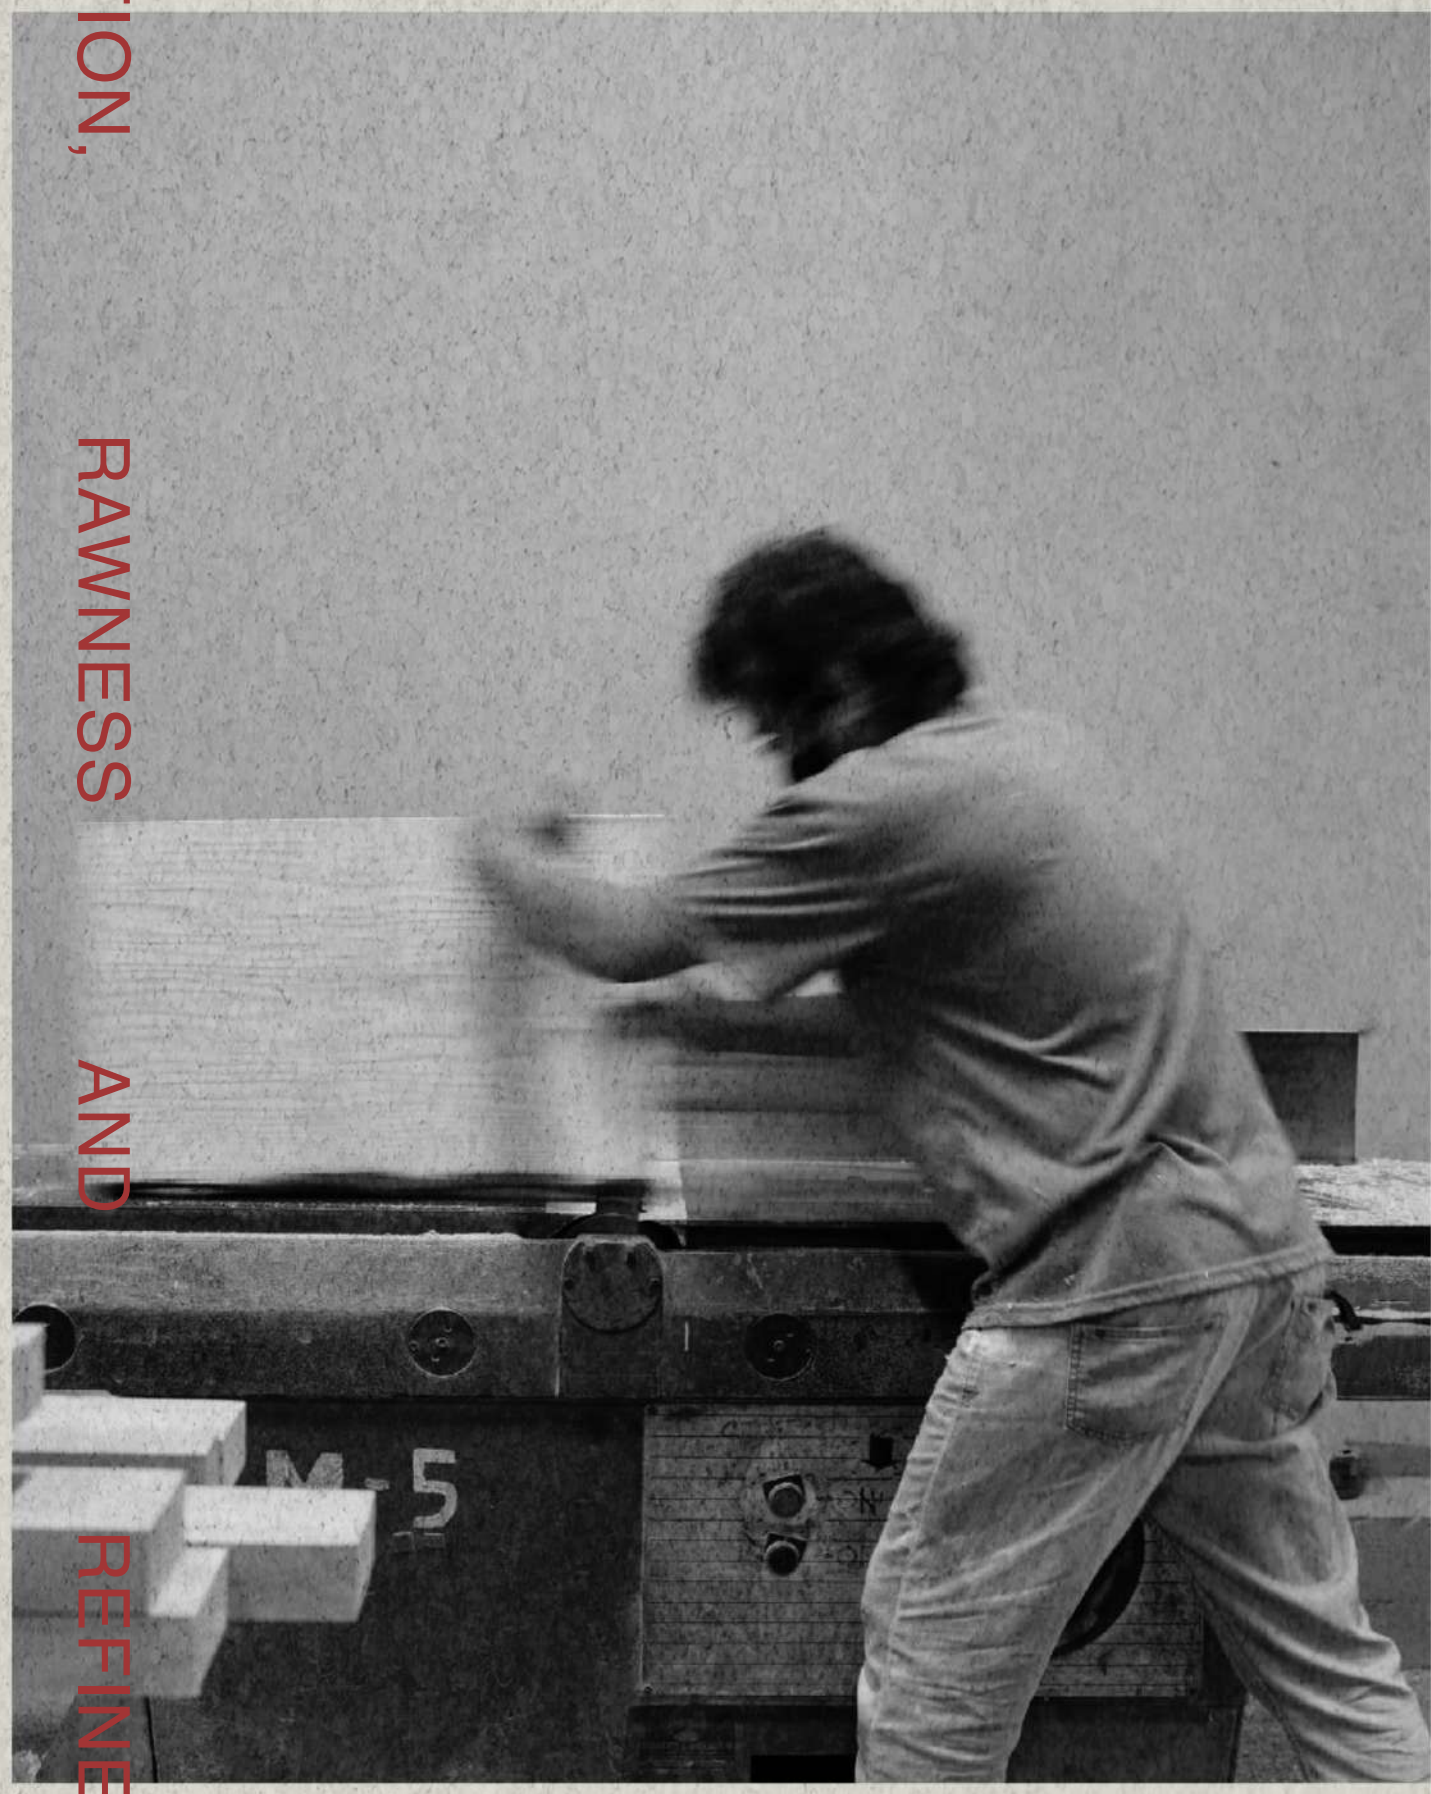

AND

REFINEMENT.

MAWAZIN is a premium outdoor living brand that blends refined design, natural materials, and skilled craftsmanship to create timeless furniture and outdoor experiences.

Inspired by balance, comfort,and connection with nature, Mawazin transforms outdoor spaces into elegant environments designed for meaningful living.

a design-driven outdoor living brand where refined craftsmanship meets the beauty of nature. Rooted in balance, every piece is thoughtfully created to bring harmony between form, material, comfort, and its surrounding environment.

CRAFTED WITH BALANCE

The Brand Nature

- Behind the Name

In every form we shape, in every line we draw, and in every joint we make — there is **balance.**

Mawazin is not just a name. It is a worldview. A philosophy born out of building slowly, precisely, and with deep respect for material, structure, and life.

Founded by the architect Ahmed El Attar, who has spent over a decade crafting space and structure , Mawazin reflects his lived experience one foot in concept, the other in construction. With a workshop rooted in Alexandria and a reputation built across Egypt and the Gulf, the maker behind the brand has spent years building terraces, cladding facades, and designing large-scale outdoor furniture. But now, Mawazin marks a turning point — a return to essence. To the grain. To the object.

Mawazin is not trendy. It is not decorative. It does not follow.

It balances. It builds. It holds.

It is the quiet force behind honest furniture — designed to support, not perform.
It celebrates the act of making as a form of thought.
It reflects a lifestyle of balance between the work and the pause, the object and the space, the individual and the collective.

Designed By : Cherif Morsi

أُلفة

OLFAH

OLFAH sunbed is designed as a contemporary outdoor lounging piece that combines clean architectural lines with inviting comfort.

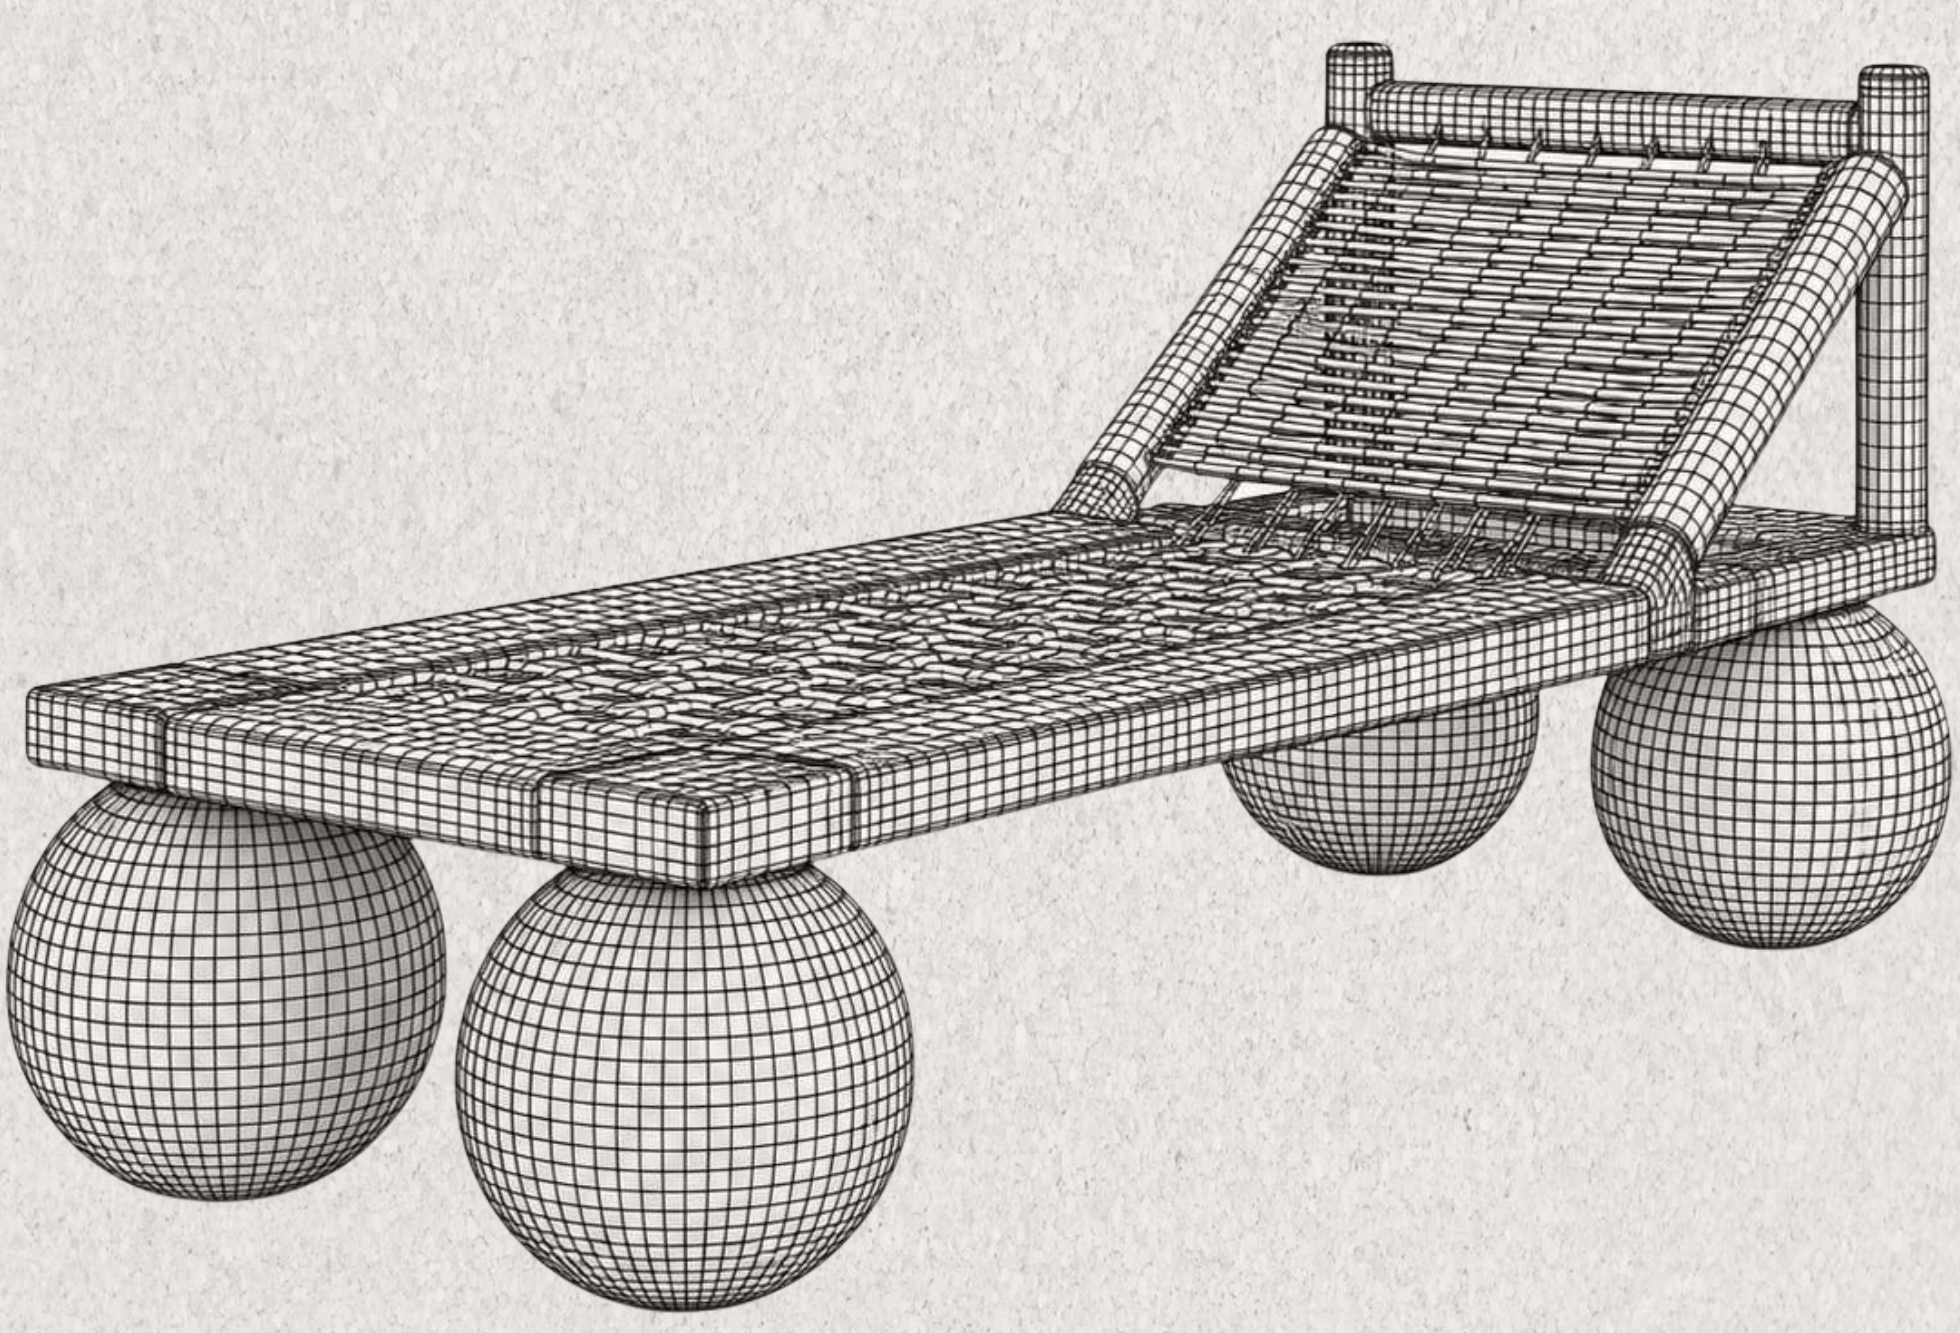

Its warm teak frame features softly rounded edges and a refined low-profile silhouette, while the adjustable backrest adds flexibility for relaxed seating or full recline. The generously padded light upholstery creates a calm, luxurious contrast to the natural wood, giving the piece a timeless and elegant character. Ideal for terraces, poolside settings, and premium outdoor spaces, the design balances durability, comfort, and understated sophistication

Designed By : Attar X Mawazin Studio

سجاد

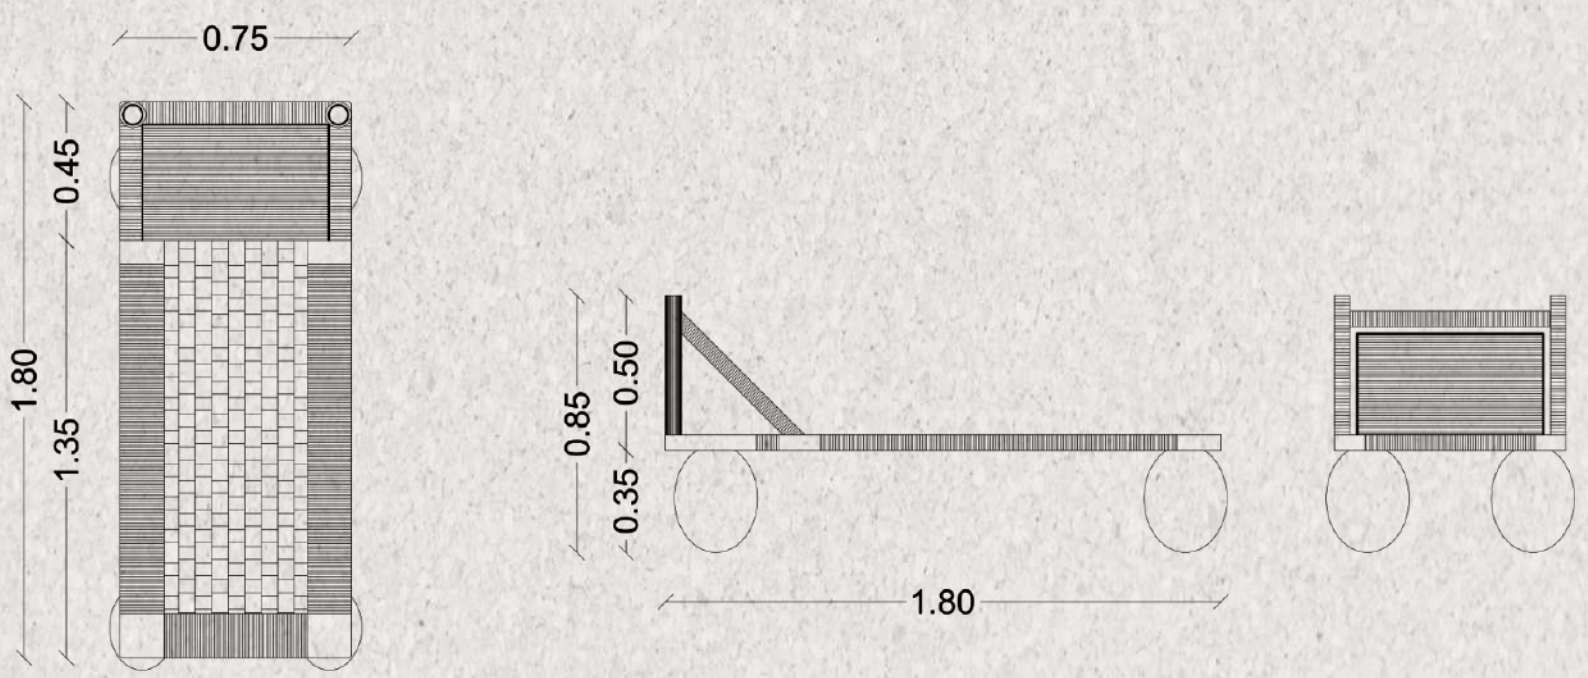

SUJJAD

SUJA sunbed reinterprets outdoor relaxation through a sculptural balance of geometry, craftsmanship, and comfort. A handwoven suspended sleeping surface is framed by solid timber members and elevated on bold spherical wooden supports, creating a distinctive architectural silhouette that appears both playful and refined.

The adjustable reclining backrest enhances ergonomic comfort, while the contrast between the woven texture and the smooth solid wood highlights traditional craftsmanship with a contemporary design language. Designed as both a functional lounger and a statement piece, it brings warmth, character, and artistic presence to premium outdoor environments.

“The Maker

Awazin, is a brand built on balance between design and function, tradition and modern living, craftsmanship and clarity. We don’t see ourselves as manufacturers we see ourselves as makers. Every piece that leaves our hands carries a part of our process, our decisions, and our respect for material. We choose teak for its honesty, shape it with intention, and refine every detail until it feels balanced, natural, and right. What you receive is not just outdoor furniture, but something we’ve carefully built to live with you, age with you, and belong in its environment. This is our work, and this is how we stand behind it.

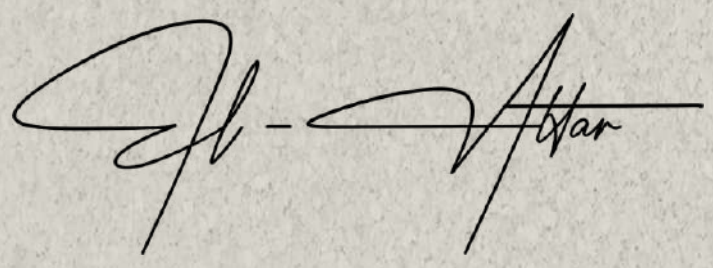

Every piece begins with intention and ends with presence. We design outdoor furniture not just to occupy space, but to create balance between material, environment, and human experience. Through carefully selected teak, hand-finished details, and honest construction, each product reflects a commitment to durability, comfort, and quiet elegance. Our work is rooted in craftsmanship and guided by proportion, ensuring that every form feels natural in its setting. This is not just furniture it is a considered extension of how you live outdoors.

This brand is my response to a world that moves too fast. Through mawazin, we slow down. We pay attention. We build with intention.

What you see here is the result of many minds and hands; designers, craftsmen, collaborators, all working with a shared devotion to balance and beauty.

Thank you for letting our work become part of your story.
Thank you for listening to the wood .
